## **ASX Release**

### **Placement and Proposed Rights Issue**

#### **Placement**

Crusader Resources Limited (ASX: CAS) advises that it has placed 1,875,000 shares at a price of 16 cents per share raising \$300,000 cash. The placement was made to interests associated with the Copulos Group which is a substantial shareholder in Crusader Resources. The funds raised will be used in the evaluation of the Company's uranium prospects at Lake Throssell in Western Australia and for general working capital purposes.

An Appendix 3B in relation to the issue follows.

#### **Rights Issue**

The Directors of Crusader Resources also advise that the Company intends to undertake a non-renounceable pro-rata rights issue. It is proposed that the non-renounceable rights issue will be on a 1 for 5 basis and priced at 16 cents per share to raise approximately \$1.49 million before the costs of the issue. It is the Company's intention to utilise the money raised for the evaluation of the Lake Throssell paleochannel uranium project in Australia, the ongoing evaluation and development of its projects in Brazil including the advanced Posse Iron Project and for general working capital purposes.

The Copulos Group has agreed to partially underwrite the issue up to \$700,000.

The Company expects to dispatch documentation in relation to the rights issue shortly.
